

Want more?

If you're hungry for more service, more capacity, and more extras from your ISP then Densitron can satisfy the most demanding appetite.

Whether you have a single server or run one of the largest sites in the UK, we offer the same high quality level of service.

With Densitron's fully resilient 45Mb/s backbone and reserved channels throughout the world you're guaranteed all the capacity you need.

For the reassurance of extras such as a fully backed power supply, remote power management, 24 hour monitoring, incremental back-up service, physical access to your rack, high security keycard access, a separate high security room and CCTV monitoring, look no further than Densitron.

Densitron Internet Technologies - more than content.
